

**Homework 1: Situational awareness**

Jakub Ráfl (rafl@fbmi.cvut.cz)

- 1) Read the article *The Big Picture: Intelligent Solutions for Ventilator Safety* by David Costa
- 2) Write a short paragraph summarizing the main ideas of the article.
- 3)(optional) Write what do you think about the ideas discussed in the article. Do you agree with the author or not?

Please submit your work via email in an attached file (any reasonable format is accepted) within two weeks.

Note: The article is focused on mechanical ventilators and some special terms like “PEEP” are used. These will be explained later during the semester. For now please focus on general ideas in the article.
